In the midst of COVID-19, everyone is looking for solutions for disinfecting, and C2 is here to help! While we typically focus on selling and installing flooring, we are proud to offer a disinfectant package to help the people in our community and businesses stay safe.

*\*Due to increased demand, actual spray bottle and pump sprayer brand may vary.*

## What Customers Are Saying...

"We run residential communities, and sourcing disinfecting products is getting increasingly difficult. When C2 reached out with this solution and educated me on what this product can do for us, my response was "How many can I order?" Needless to say, I bought out their entire initial supply."
